OESE REORGANIZATION

- Executive Order 13781, the Comprehensive Plan for Reorganizing the Executive Branch, called for greater efficiency, effectiveness, and accountability in federal agencies, and presented the Department with an opportunity to rethink our work.
- To that end, the Department is consolidating OESE and the Office of Innovation and Improvement (OII) into a single office, under the title of OESE, starting in January 2019.

APPROACH

- The Department has restructured to streamline processes to provide States, local educational agencies (LEAs), and other grantees with high-quality, efficient service.
- The new OESE will focus on providing transparent, timely, high-quality, and differentiated support that recognizes the individual needs of each grantee.

GOALS

- Administer grants in an accurate, timely, thorough manner;
- Build mutually beneficial, resilient and trusting relationships with grantees;
- Improve efficiency, effectiveness and collaboration for internal operations and external stakeholders; and
- Improve dissemination and build capacity related to evidence-based practices.
