

# Assessment and Reflection: Project Planning Worksheet

## Assess the Learning

There are many ways to assess student learning. Here are four kinds of assessment tools that can help both you and your students assess what they've learned. Decide which ones you'll use, when and how you'll use them, and what you'll need to do to prepare. Note your decisions here.

Assessment Tool	When I'll use it	How I'll use it	Preparation required
Portfolios			
Journals			
Rubrics			
Surveys			
Other: _____			

## Reflect on the Learning

Try to create opportunities for reflection before, during and after each STEAM activity or project. Here are some options to consider. Decide which ones you'll use, when and how you'll use them, and what you'll need to do to prepare. Note your decisions here.

Reflection Tool	When I'll use it	How I'll use it	Preparation required
Mapping			
Videos			
Letters to leaders			
Creative project			
Blogging			
Reflective reading			
Other: _____			

## Fun Fact

*Famous scientists, writers, artists and inventors who kept notebooks or journals include Charles Darwin, Marie Curie, Frida Kahlo, Leonardo da Vinci, Thomas Edison and Alice Walker.*
