

Y4Y Example Activity Schedule

Below is an example 21st CCLC program schedule. Notice that there's a schedule for academic intervention and a schedule for academic enrichment. After collecting your student voice survey data, you'll use that information to fill out the schedule for the academic intervention schedule. When filling out the Blank Schedule, use this example as a cheat sheet!

Campus/Site: *Monroe Center*

Fall 2020

There are two tutoring classes per grade level. Homework clubs may use multi-age groups. All instructional aides work with the homework club.
